

Funding Available to Public Schools and School Districts

Public schools and school districts can apply for funds through a variety of programs that reduce greenhouse gas emissions. To find a program's current funding availability and timeline, please follow the listed program link.

Advanced Technology Demonstration and Pilot Projects

This program provides grants for pre-commercial demonstrations and pilots of advanced vehicles, engines, equipment, vessels, and transportation systems with supporting infrastructure. Nonprofit applicants must hold 501(c)(3) status or partner with an organization that does.

bit.ly/ATDPPcci

Clean Mobility in Schools Project

This program offers grants of up to \$10 million for public school districts to support transformative transportation options at schools in disadvantaged communities.

bit.ly/CMiSPcci

Affordable Housing and Sustainable Communities (AHSC) Program

This program provides funding that supports infill affordable housing development as well as sustainable transportation infrastructure. Affordable housing developers can apply in partnership with local jurisdictions, including a Tribal Entity, to build housing and improve the safety of pedestrians and bicyclists, as well as fund transit facilities and operations. AHSC has a funding goal to award at least one project from an eligible Tribal Entity. Technical assistance is available.

Clean Mobility Options (CMO)

This program provides voucher-based funding in support of small-scale clean mobility projects, such as electric carsharing, bike sharing, vanpooling, and other clean mobility options, as well as community transportation needs assessment projects in disadvantaged, income-eligible, and Tribal communities. Technical assistance is available.

bit.ly/CMOcci

Clean Truck and Bus Vouchers Program (HVIP)

This program provides vouchers for purchase or lease of clean trucks and buses with set-aside funding for public transit agencies, public school buses, drayage trucks, and small fleets.

bit.ly/CalHVIPcci

Clean Vehicle Rebate Project (CVRP)

This program provides rebates for purchase or lease of new, eligible, light-duty vehicles including electric, fuel cell, and plug-in hybrid electric vehicles.

bit.ly/CVRPcci

Community Air Protection Incentives (CAP) Program

This program provides incentives to replace older, higher-polluting vehicles and equipment with newer models that have lower emissions or zero-emission technology. The program also funds stationary and infrastructure projects.

bit.ly/CAPlcci

Community Composting for Green Spaces Grant Program (CCG)

This program provides grants to create, expand, and improve small-scale composting programs located in disadvantaged and low-income communities.

bit.ly/ComCompostcci

Food Waste Prevention and Rescue Grant Program (FW)

The purpose of this program is to lower overall greenhouse gas emissions by establishing new or expanding existing food waste prevention projects (source reduction or edible food recovery for people) in California to reduce the amount of food being disposed of in landfills. Eligibility limited to Federally Recognized Tribes in California.

bit.ly/FWPcci

Forest Health Program

This program provides grants for active restoration and reforestation activities aimed at providing more resilient forests by funding activities such as forest fuels reduction, prescribed fire, pest management, reforestation, biomass utilization, conservation easements and/or land acquisition through the Forest Legacy Program, and research through the Forest Research Program.

bit.ly/ForestHealthcci

Organics Grant Program (ORG)

Grants for projects that expand organic recycling and food recovery efforts. Technical assistance is available.

bit.ly/OGPcci

Recycled Fiber, Plastic, and Glass Grant Program

This program provides grants for manufacturing projects that expand paper, plastic, or glass recycling.

Training and Workforce Development Program - Forest Health

This program trains California Conservation Corps members to conduct fuel reduction, reforestation, wetland restoration, urban forestry, and urban greening projects.

bit.ly/CalConservationCorps

Training and Workforce Development Program - Energy Corps

This program trains California Conservation Corps members to conduct energy surveys as well as retrofit lighting and controls in public buildings.

bit.ly/CalEnergyCorps

These programs are part of California Climate Investments, a statewide initiative that puts billions of Cap-and-Trade dollars to work reducing greenhouse gas emissions, strengthening the economy, and improving public health and the environment — particularly in disadvantaged communities.
