

Funding Available for Transit Agencies

Transit agencies can receive funds to reduce climate pollution through clean transportation, clean air initiatives, and more. To find a program's current funding availability and timeline, please follow the listed program link.

Advanced Technology Demonstration and Pilot Projects

This program provides grants for pre-commercial demonstrations and pilots of advanced vehicles, engines, equipment, vessels, and transportation systems with supporting infrastructure. Nonprofit applicants must hold 501(c)(3) status or partner with an organization that does.

Affordable Housing and Sustainable Communities (AHSC) Program

This program provides funding that supports infill affordable housing development as well as sustainable transportation infrastructure. Affordable housing developers can apply in partnership with local jurisdictions, including a Tribal Entity, to build housing and improve the safety of pedestrians and bicyclists, as well as fund transit facilities and operations. AHSC has a funding goal to award at least one project from an eligible Tribal Entity. Technical assistance is available.

bit.ly/AHSCcci

Clean Mobility Options (CMO)

This program provides voucher-based funding in support of small-scale clean mobility projects, such as electric carsharing, bike sharing, vanpooling, and other clean mobility options, as well as community transportation needs assessment projects in disadvantaged, income-eligible, and Tribal communities. Technical assistance is available.

bit.ly/CMOcci

Clean Truck and Bus Vouchers Program (HVIP)

This program provides vouchers for the purchase or lease of clean trucks and buses with set-aside funding for public transit agencies, public school buses, drayage trucks, and small fleets.

bit.ly/CalHVIPcci

Sustainable Transportation Equity Project (STEP)

This program offers funding for community-scale clean transportation and land use projects in disadvantaged and low-income communities. Technical assistance is available.

bit.ly/STEPcci

Clean Vehicle Rebate Project (CVRP)

This program provides rebates for purchase or lease of new, eligible light-duty vehicles including electric, fuel cell, and plug-in hybrid electric vehicles.

bit.ly/CVRPcci

Transit & Intercity Rail Capital Program (TIRCP)

Grants for transformative capital improvements that modernize California’s intercity, commuter and urban rail system, and bus and ferry transit systems, to significantly reduce emissions of greenhouse gases, vehicle miles traveled, and congestion. Technical assistance is available.

Community Assistance for Climate Equity (CACE)

This program supports communities in applying to California Climate Investments and other climate-related funding programs. The CACE program aims to make the process fairer for applicants that may lack the capacity to successfully access these funds, particularly those that live in the state’s most disadvantaged communities.

bit.ly/CACEcci

Low Carbon Transit Operations Program (LCTOP)

This program provides operating and capital assistance grants for transit agencies to improve mobility through new or expanded transportation services.

bit.ly/LTOPcci

These programs are part of California Climate Investments, a statewide initiative that puts billions of Cap-and-Trade dollars to work reducing greenhouse gas emissions, strengthening the economy, and improving public health and the environment — particularly in disadvantaged communities.
